Search in TeiTOK and present results in Tableau

Task: Come up with **your own simple research question** on top of one of two corpora available in TeiTOK:

Mazon collection: <https://quest.ms.mff.cuni.cz/teitok-dev/teitok/teaching/mazon/index.php>
or

Migrant stories: <https://lindat.mff.cuni.cz/services/teitok-live/migrantstories/index.php>

Prepare a **presentation in Tableau** with:

- your research question,
- the corpus queries you used, and
- the results of your research.

Send the link to your Tableau presentation to mirovsky@ufal.mff.cuni.cz **by April 11, 2023.**
