#Agrs	Annot 1	Annot 2	Annot 3	adjud.	sentence
3	1	1	1	1	This policy has brought it £24m of borrowings , most at variable rates , and Mr Linacre said replacing these borrowings with convertible preference shares , <yielding> 7 per cent , would save the group about £1.8m a year .
0	9	9.f	3	9	America <yielded> first place despite its exports rising 8.5% in volume terms , compared with a rise of only 1.5% for Germany ; and it would still have done so even if unification , which added \$22.5 billion to the exports of the former Federal Republic , had never happened .
3	1	1	1	1	The first 6.5ha ( 16 acres ) <yielded> about 6.8t/ha , ( 2.7t/acre ) allowing for moisture content , he says .
3	1	1	1	1	Rape is an open-leaf brassica which <yields> a quick , heavy crop of palatable foliage .
3	x	x	x	x	Average milk <yields> in Denmark are 6,275kg at 4.17 per cent butterfat , with top yielders giving as much as 12,000kg and 4.7 per cent butterfat .
1	4.a	4.a	1.a	4.a	Some carnivore scats have been reported from the Plio-Pleistocene deposits of East Turkana in Kenya , and analysis of one of these scats has <yielded> three species of mammal , two reptiles and one bird ( Jacobs , 1985 ) .
0	1.f	10	1	10	The southern icy continent has been <yielding> a harvest of strange meteorites
3	3	3	3	3	March 17th is my traditional early chiffchaff date and although a journey south to Poole and a short time near possible sites on that day , <yielded> no hearing of the bird , one has been singing in this garden today .
0	7	u	7.f	7.f	The material will succumb to whichever mechanism is the weaker ; if it <yields> before it cracks the material is ductile , if it cracks before it yields it is brittle .
3	10	10	10	10	The large building to the west of the Mallia temple <yielded> a gold-handled dagger with cut-out designs on its hilt , while the temple itself yielded some magnificent long swords : one of them had a pommel covered in gold sheet modelled to depict an acrobat ( Figure 29 ) .
1	4	4	1.a	4	An approach to the material world -- research -- can <yield> both a theoretical alternative and a concrete rebuttal .
3	1	1	1	1	The office-vacancy rate in the Makati central commercial district is just 5% , and properties there <yield> nearly 10% .
1	7	7	1	7	He argued that the Holy Office had already <yielded> a great deal .
0	10.a	10	1	10.a	Some holes yielded predominantly Leguminosae ( sometimes a single taxon , sometimes several taxa ) ; some <yielded> Gramineae ( including sorghums and millets ) ; some Cruciferae , Cucurbitaceae , Cyperaceae or Boraginaceae ( Arnebia ) ; some Zizyphus fruits ; and some yielded mixtures in differing proportions ( Fig.2 ) .
1	4	3	3	3	Staining with antibodies Tû48 ( HLA-Bw4 ; ref. 31 ) and BB7.2 ( HLA-A2 ; ref. 32 ) <yielded> comparable results , except that BB7.2 stained HLA-A2 antigens on untransfected T2 cells more strongly than antibody Tû101 .
1	3	4	3	4	In 1140 the monk Gratian in Bologna produced his Decretum or Concordance of Discordant Canons , in which he demonstrated that , given the proper techniques of critical examination , the authoritative statements of church fathers and ecclesiastical councils could be harmonized to <yield> fundamental principles of church law .

0	9.s	9	u	9.s	When the appointment of new director Wilfrid Lockwood in 1983 meant that James had to <yield> up the house normally granted to the director , he threatened to sue the library .
1	x	x	1.s	x	It should be realized that this change of tactics in the gilt-edged market is consistent with the objective of greater competitiveness since it allowed greater freedom for market forces to determine prices , and therefore <yields> , on government stock and close substitutes .
1	5.a	5	5	5.a	&formula; Consider as partitioned , the solution is ( see ( 2 ) ) &formula; and &formula; so that the equations are consistent ; if they are taken any two at a time , the three cases all <yield> the same answer .
1	5.a	5	5	5	The result is &formula; and premultiplication of this by &formula; <yields> &formula; to two decimal places .
0	3	1	4	3	One purpose of the preceding section was to show that an interest in the strengths and weaknesses of the tripartite condition can <yield> genuine philosophical profit .
1	3	3	4	3	Drawing on this database and combining it with current research into the planning of innovative activities in R & D departments has <yielded> a framework which provides useful insights into the innovation process .
3	7	7	7	7	Two days later d'Argenlieu proclaimed a separate republic for Cochin China with its own army and separate budget : he had <yielded> to the colons .
3	4	4	4	4	But although the realm of political forces and their support blocs -- the realm of political agency -- remains to be investigated , the foregoing analysis of the economic class structure does <yield> certain implications in terms of what is at stake in socialist transformation .
0	4.a	4.c	3	4.c	A second group of subjects presented with a non-verbal dichotic task <yielded> a left ear advantage and more eye movements towards the left than towards the right .
1	4	4	u	4	Another major advantage is the insight it is capable of <yielding> into the social and communicative norms of the community .
0	3	1	4	4	The multivariate proportional hazards regression in table II shows that the relation between waist-hip ratio and probability of conception per cycle , after controlling for all the other mentioned variables , remained essentially the same : waist-hip ratio <yielded> the highest independent significant contribution to probability of conception per cycle ( hazard ratio 0.706 , 95% confidence interval 0.562 to 0.887 ) .
1	3	4	4	4	Proportional hazard regression analysis over a 12 cycle follow up <yielded> essentially the same results as that over the total follow up period .
3	4	4	4	4	If being monitored for exposure to external penetrating radiation can be a marker of other exposures in the workplace , some of which might be hazardous , studies of the relation between men 's exposure to external radiation and leukaemia in their children could <yield> apparently inconsistent results .

3	4	4	4	4	Secondly ( as was pointed out by Russell , among others ) , even if it were true that the number of basic entities was finite , the proposed analysis still would not <yield> the desired result .
3	4	4	4	4	In the 1850s the fossil record began to <yield> evidence for a new kind of trend within the development of each class .
0	6.a	1	3	6.a	He also introduced the idea that different sensory fibres within the normal retina could be selectively fatigued , so as to <yield> coloured after-images .
1	1	1	3	1	They plot operating margins against average sales in order to illustrate that there are two preferred positions : ( 1 ) high sales with cost competitiveness to <yield> high margins , or ( 2 ) lower sales with a differentiated product ( or niche ) policy , which also produces high margins .
1	6	1	6	6	Mantle compositions that could <yield> both mare basalts and highland rocks are consistent with the constraints on the interior outlined earlier .
3	x	x	x	x	&formula; It can be shown that in the above model fibril yield depends upon the relation between the fibril aspect ratio ( length/diameter ) , A and the yield ratio &formula; ( <yield> stress of fibril ) / ( yield stress of matrix ) .
0	1	3	u	1.s	Similarly , the last meal purchased must <yield> consumers 5 worth of extra utility .
3	1	1	1	1	A survey conducted by Chittagong University 's Economics Department showed that the Satkhira region , which produced 40,000 tonnes of rice in 1976 , <yielded> only 360 tonnes ten years later .
3	7	7	7	7	President Wojciech Jaruzelski on Sept. 19 <yielded> to the demand from the vast majority of Poland 's political forces that as an anachronism from the former communist regime he should resign .
3	7	7	7	7	Accusations of corruption had been levelled against Ibrahim for a number of years , and in May President Gayoom <yielded> to demands that the State Trading Organization ( STO ) , which was under Ibrahim 's control , be investigated for evidence of corruption .
3	x	x	x	x	This shows the present-value profiles for two bonds A and B , trading at the same price and <yield> to maturity , and having the same duration .
3	x	x	x	x	The distinction between simple margin and discounted margin is precisely the same as that between simple yield to maturity and <yield> to maturity ( cf. ( 5.6 ) and ( 5.7 ) ) .
1	u	u	x	u	From ( 6.33 ) , this version <yields> where = fair price earnings ratio .
3	x	x	x	x	( R. W. Kates & Jen-hu Chang , personal communications ) , albeit crop <yields> in temperate regions are enhanced by ` rich country ' inputs of fertilizer , pesticides , mechanization and advanced irrigation technology .
0	3.a	1.a	3	3	Showing Out and Pass The Mic <yield> some surprisingly good dancers and singers , but the choice of Pass The Mic winner suggests that breast size is the judges ' main criterion .
1	4	4	3	4	King ( 1984 ) applies Niskanen 's ( 1968 ) model to <yield> one explanation of the ` flypaper effect ' .

1	3	1	1	1	His research suggested that while the &quot; Explanation approach &quot; had little impact on infants , the technique did <yield> measurable benefits with 7 to 9 year olds .
3	1	1	1	1	In addition there was little evidence that increased investment in general practice was <yielding> any return , although in theory primary care should be able to treat many conditions less expensively than the hospital sector .
3	7	7	7	7	Taiwan <yields> to CFC pressure
3	1	1	1	1	One excellent company where the shares are going cheap at 115p to <yield> 7pc is BET .
3	1	1	1	1	This <yields> 5.15 per cent , at the moment , but we are getting to a situation in the market which will probably be good news for the fund manager 's philosophy .
